The Clark Commitment

When you come to Clark, you are home. We believe in forming a lifelong partnership with our residents. This partnership — the Clark Commitment — means we promise that if your funds are depleted due to longevity or illness, you'll continue to receive the same excellent services. Regardless of unknown health issues and the cost of care, you'll never be asked to leave Clark.

We are able to fulfill this commitment to Benevolent Care thanks to the work of The Clark Foundation and the generosity of our donors, who give more than \$1 million each year.
